

C.I.E.P. - International Center of Petanque teaching

The CIEP, center of formation bound in the FIPJP, has for mission to develop the discipline in the world by the harmonization of the knowledge while creating educational structures by country and/or by zone.

[www.ciepetanque.org](http://www.ciepetanque.org)

His/her/its action is led in narrow relation with the Technical Direction of the FIPJP in the respect of the decisions of formations considered. The setting up and the modes of working of the CIEP of Countries or Zones are defined by Charters.

•The CIEP of Country :

· They have for vocation to develop the teaching in a country while bringing a support qualified to the concerned federation, without intervening in the political decisions of this last and while respecting the educational line of his/her/its technical direction.

They are managed by a Board of directors representing the actors petanque on the territory whose management is assured in all autonomy.

•The CIEP of Zones :

· they have for vocation to regroup several CIEP of Country and dynamiser the educational exchanges on a set of territories.

Role of the CIEP of Country or Zone :

•they facilitate the identification of the needs of formations.

•they stimulate and control the formation.

•they participate in the practicums in term of framing.

•they assure the continuity of the teaching lavished.

•they also allow the Federations to construct their own educational line founded on criterias of reference efficiently and to deliver national diplomas in relation with those of the FIPJP.
